SUMMARY

M.Tech graduate with hands-on experience in full-stack web development using the MERN stack (MongoDB, Express.js, React.js, Node.js). Skilled in building scalable REST APIs, developing responsive user interfaces, implementing authentication, and managing databases. Strong knowledge of JavaScript, Git, HTML, CSS, and cloud deployment. Seeking a full-stack developer role to contribute technical skills and deliver high-quality solutions.

EDUCATION

KodNest, Bengaluru, Karnataka, India - FullStack-Development	Nov 2025 — Present
Kalyani Government Engineering College, Nadia, India - Masters of Technology, Information Technology - (GPA: 7.22)	Aug 2023 — Jun 2025
Pailan College of Management and Technology, Kolkata, India - Bachelor of Technology, Computer Science Engineering - (GPA: 9.21)	Sep 2019 — Jun 2022

PROJECTS

Real-Time Chat Application (MERN Stack), Link	Oct 2025 — Present
<ul style="list-style-type: none">Developed a real-time chat application using MERN stack (MongoDB, Express, React, Node.js).Implemented JWT-based authentication with secure login and protected routes.Integrated Socket.IO for instant real-time messaging and user interaction.Built RESTful APIs and used MongoDB (Mongoose) for storing users and chat history.Designed a responsive React UI using hooks and followed clean, modular code practices.	
Book Store , Link	Dec 2025 — Present
<ul style="list-style-type: none">Developed a Full-Stack Book Store application using MERN stack (MongoDB, Express.js, React.js, Node.js).Implemented Admin Dashboard to manage books, users, orders, and inventory efficiently.Built JWT-based authentication and role-based authorization for Admin and Users.Designed RESTful APIs for book listing, CRUD operations, user management, and order processing.Created a responsive React UI with separate views for Admin and Customers.	
E-Commerce, Link	Dec 2025 — Present
<ul style="list-style-type: none">Developed a responsive E-commerce frontend application using React.js, JavaScript, HTML, and TCSS.Designed user interfaces for product listing, product details, cart, and checkout pages.Implemented state management using React Hooks and reusable components for clean UI structure.Added features like search, filter, and responsive layouts for better user experience.	

CERTIFICATIONS

Web Development, Udemy	
JavaScript, Namastedev	
Responsive Web Design, FreeCodeCamp	Dec 2025

SKILLS

Programming Language	: C, JAVA
Frontend Technologies	: HTML5, CSS3, ReactJS, JavaScript
Backend Development	: SQL, MySql, MongoDB, Node.js
