SUMMARY

M.Tech in IT graduate. Full-Stack Developer with hands-on experience in **MERN stack (MongoDB, Express.js, React.js, Node.js)** development. Proficient in designing and developing **scalable RESTful APIs**, building **responsive user interfaces**, implementing **JWT-based authentication**, and managing **NoSQL databases**. Strong expertise in **JavaScript, HTML, CSS, Git**, and version control workflows. Seeking a **Full-Stack Developer** role to contribute technical expertise and deliver **high-performance, scalable web applications**.

EDUCATION

Kalyani Government Engineering College, Kalyani, Nadia, India - Masters of Technology, Information Technology - (GPA: 7.27) **Aug 2023 — Jun 2025**

Pailan College of Management and Technology, Pailan, Kolkata, India - Bachelor of Technology, Computer Science Engineering - (GPA: 9.21) **Sep 2019 — Jun 2022**

EXPERIENCE

KodNest Technology **Nov 2025 — Present**
Software Development Intern, Bangalore, Karnataka, India

- Currently interning at KodNest, gaining hands-on experience in full-stack development using Java, HTML5, CSS3, JavaScript, MySQL, React.js, and MongoDB while building real-world applications and improving problem-solving skills.

PROJECTS

Full-Stack Bookstore Management System | MERN Stack, [Link](#) **Oct 2025 — Nov 2025**

- **Developed a MERN e-commerce platform** with a responsive Tailwind CSS and DaisyUI interface.
- **Implemented Role-Based Access Control (RBAC)** using JWT, Bcrypt, and persistent sessions via Refresh Tokens and HTTP-only cookies.
- **Engineered an Admin Dashboard** for full inventory CRUD, real-time analytics tracking, and contact management.
- **Utilized React Context API** for global state management of authentication and shopping cart functionality.

E-Commerce Frontend Application, [Link](#) **Feb 2026 — Mar 2026**

- **Developed a responsive e-commerce frontend application** using modern web technologies.
- **Implemented product listing, category pages, and shopping cart functionality** to simulate a real online shopping experience.
- **Designed responsive layouts** optimized for **desktop and mobile devices**.
- **Created reusable React components** for scalable and maintainable UI development.

TECHNICAL SKILLS

Language	: JavaScript
Frontend	: HTML5, CSS3, ReactJS, Responsive UI
Backend	: Node.js, Express.js, JWT Authentication
Database	: SQL, MongoDB
Tools & Platforms	: Git, GitHub, Postman, VS Code, MongoDB Compass

CERTIFICATIONS
