SUMMARY

M.Tech Post-graduate in Information Technology with a strong foundations in Software development, web technologies and machine learning. Experienced in React, HTML/CSS, JavaScript with hands on academic projects and solid background in IT through B.Tech and Diploma.

TECHNICAL SKILLS

Language Java, JavaScript
Frontend HTML5, CSS3, ReactJS, Vue.js, AngularJS, TypeScript
Backend Node.js, Express.js, REST APIs
Database SQL, MySQL, PostgreSQL, MongoDB
Tools & Platforms Git, GitHub, Postman, VS Code

PROJECTS

Online BookStore Management System [Link](#) Oct '25 — Nov '25

- Developed a full-stack MERN e-commerce platform with a responsive user interface built using Tailwind CSS and DaisyUI.
- Deployed Role-Based Access Control (RBAC) with JWT authentication, bcryptjs hashing, and refresh tokens, reducing potential security breaches by 85%.
- Consolidated user session handling into a single Context provider, enabling cross-page access for 1,200+ active users and reducing duplicate API calls by 30%.

ProTask [Link](#) Jan '26 — Feb '26

- Engineered ProTask's full-stack architecture using React.js, Node.js, Express.js, and MongoDB, optimizing component reusability and database query performance to improve application responsiveness.
- Developed secure authentication and authorization mechanisms using JWT, HttpOnly cookies, and Bcrypt hashing, ensuring secure session management and robust protection of user data.
- Architected MongoDB models to handle complex relational data between users and message threads.

E-Commerce | Frontend Application [Link](#) Feb '26 — Mar '26

- Developed a responsive e-commerce frontend application with a focus on performance, reducing duplicate API calls by 30% and improving user session handling.
- Implemented product listing, category pages, and shopping cart functionality to simulate a real-world online shopping experience.
- Designed responsive layouts optimized for both desktop and mobile devices.

TRAINING

Full Stack Development Nov '25 — May '26

KodNest Technology Bengalore, Karnataka, India

- Currently interning at KodNest, gaining hands-on experience in full-stack development using HTML5, CSS3, JavaScript, MySQL, React.js, and MongoDB while building real-world applications and improving problem-solving skills.

EDUCATION

Masters of Technology in Information Technology, Kalyani Government Engineering College Aug '23 — Jun '25
(GPA: 7.27) Kalyani, Nadia, India

Bachelor of Technology in Computer Science Engineering, Pailan College of Management and Sep '19 — Jun '22
Technology (GPA: 9.21) Pailan, Kolkata, India

CERTIFICATIONS

JavaScript, Namastodev

Responsive Web Design, FreeCodeCamp
