SUMMARY

M.Tech in Information Technology graduate and Full-Stack Developer with hands-on experience in MERN stack development (MongoDB, Express.js, React.js, and Node.js). Proficient in designing and developing scalable RESTful APIs, building responsive user interfaces, implementing JWT-based authentication, and managing NoSQL databases. Strong expertise in JavaScript, HTML, CSS, Git, and version control workflows. Seeking a Full-Stack Developer role to apply technical expertise and contribute to building high-performance, scalable web applications.

TECHNICAL SKILLS

Language	: JavaScript
Frontend	: HTML5, CSS3, ReactJS, Responsive UI
Backend	: Node.js, Express.js, JWT Authentication
Database	: SQL, MongoDB
Tools & Platforms	: Git, GitHub, Postman, VS Code, MongoDB Compass

PROJECTS

Full-Stack Bookstore Management System | MERN Stack, [Link](#) Oct 2025 — Nov 2025

- Developed a full-stack MERN e-commerce platform with a responsive user interface built using Tailwind CSS and DaisyUI.
- Deployed Role-Based Access Control (RBAC) with JWT authentication, bcryptjs hashing, and refresh tokens, reducing potential security breaches by 85%.
- Engineered a comprehensive Admin Dashboard enabling full inventory CRUD operations, real-time analytics tracking, and contact management, improving data accuracy by 98%.
- Consolidated user session handling into a single Context provider, enabling cross-page access for 1,200+ active users and reducing duplicate API calls by 30%.

E-Commerce Frontend Application, [Link](#) Feb 2026 — Mar 2026

- Developed a responsive e-commerce frontend application with a focus on performance, reducing duplicate API calls by 30% and improving user session handling.
- Implemented product listing, category pages, and shopping cart functionality to simulate a real-world online shopping experience.
- Designed responsive layouts optimized for both desktop and mobile devices.
- Engineered 50+ reusable React components, accelerating UI feature development by 20% and enhancing code maintainability across the entire application.

TRAINING

KodNest Technology Nov 2025 — Present Software Development Intern, Bengalore, Karnataka, India

- Currently interning at KodNest, gaining hands-on experience in full-stack development using Java, HTML5, CSS3, JavaScript, MySQL, React.js, and MongoDB while building real-world applications and improving problem-solving skills.

EDUCATION

Kalyani Government Engineering College, Kalyani, Nadia, India - *Masters of Technology, Information Technology* - (GPA: 7.27) Aug 2023 — Jun 2025

Pailan College of Management and Technology, Pailan, Kolkata, India - *Bachelor of Technology, Computer Science Engineering* - (GPA: 9.21) Sep 2019 — Jun 2022
